Modality-Flexible Input

Structured input, or

Eye Color	Bill	Tail
Yellow	straight-short	Long
Textual input, or		Image input
"This is a short-billed bird with yellow eyes and a long tail."		

Category Explanation

"The sage thrasher has a slim straight relatively short bill, yellow eyes and a long tail"

Reasoning Process

Yes, this is sage thrasher because it has a slim straight short bill, yellow eyes and a long tail.

Sage_thrasher(X) = Slim_straight_short_bill(X) \land Yellow eyes(X) \land Long tail(X)
